<b>■ Own Data Center</b>	<b>■ Mobile-First</b>	<b>■ Built for Schools</b>
Data hosted on JSI's private servers in UP, India. Zero dependency on Amazon, Google, or any cloud provider.	Works seamlessly on any device — desktop, tablet, or phone. No special software installation required.	Designed by educators for educators. Simple for non-technical staff, powerful for administrators.

★

**Face & Location-Based Staff Attendance — No Hardware Required!**

Biometric-equivalent attendance using facial recognition + GPS — fully inbuilt in the app. Eliminates thumb scanners or RFID readers entirely. Saves up to **■10,000** per school in hardware costs.

□

**Telegram & Email Notifications — Fully Automated**

Instant alerts for fee dues, attendance, results, TC issuance sent via Telegram bot and Email. Parents and staff are always informed. No manual follow-up required.

□

**Private Data Center in Uttar Pradesh, India**

JSI operates its own data center in UP. All school data stays within India under your full control. No AWS, no Google Cloud, no third-party hosting of any kind. Complete data sovereignty.

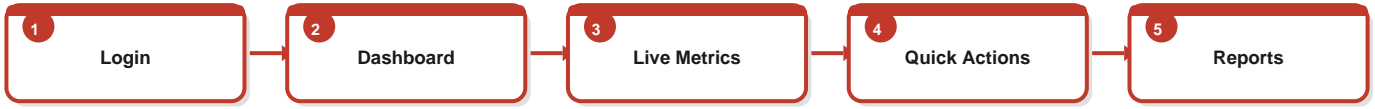

**Complete School Operations — End-to-End Flow**

*From first inquiry to final report card — all in one unified platform.*

# 1 ERP Dashboard ● ● ● ●

Central command center giving administrators a real-time, 360° view of the entire institution on a single screen.

■ **360° School Health View**

Total active student strength with gender breakdowns, active staff counts, and operational classes — all on one screen. Eliminates manual data sorting.

■ **Smart Admission Monitor**

Real-time tracking of today's new enrollments. Auto-displays 10 most recent records if no admissions today — ensuring continuous data visibility.

■ **Interactive Class Tracking**

Monitor student distribution across all classes. Directly manage classrooms or sections without any technical expertise.

# 2 Lead Management System ● ● ● ●

A full-featured CRM built for school admissions — track every inquiry from first call to final enrollment with analytics and team tools.

■ **Add Lead**

Capture new inquiries with complete prospective student data recorded from the very first point of contact.

■ **View All Leads**

Centralized repository to track complete history and progress of every prospect in one place.

■ **Calling Dashboard**

Tele-calling team tool to manage follow-ups, set reminders, and log parent interactions efficiently.

■ **Sales Lead Analytics**

Visual charts for lead sources, conversion trends, and marketing effectiveness analysis.

■ **Admin Lead Management**

Advanced oversight: monitor full sales funnel, reassign leads, evaluate team performance in real-time.

## 3 Staff Management Module ● ● ● ●

Complete HR management for teaching and non-teaching staff — from onboarding to daily attendance, all in one place.

**■ Add Staff**

Onboarding interface to record personal info, professional qualifications, and designated institutional roles.

**■ View Staff**

Centralized staff directory to browse, search, and manage active and inactive employees instantly.

**■ Staff Leave Application**

Digital leave submission, approval/rejection workflow with transparent leave history for all staff.

**Face & GPS Attendance — Save ■10,000+ in Hardware Costs**

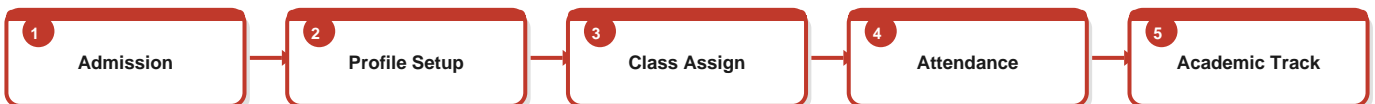

Staff mark attendance via facial recognition + live GPS location — no external devices needed. No biometric machines, no RFID readers, no installation. Works on any Android/iOS phone from Day 1.

**■ Staff Attendance System**

Daily clock-in/out monitoring, total working day calculation, and monthly payroll reports automatically generated.

## 4 Students Module ● ● ● ●

A comprehensive 360° student management system — profiles, academics, attendance, and conduct in one unified platform.

**■ Comprehensive Student Profile**

360° student identity with personal details, academic history, parent contacts, and full admission records.

**■ Class Structure Management**

Organize all students into classes and sections for seamless academic planning and resource allocation.

**■ Student Attendance Tracking**

Real-time daily attendance with automatic pattern generation and regularity reports.

**■ Student Discipline Tracking**

Chronological log of behavioral actions or achievements to maintain a positive learning environment.

**Marksheet Management/Generation**

## 5 Accounts & Finance Module

Complete financial management — from fee structure setup to receipt generation and ledger management, with automated payment reminders.

### ■ Add & View Fee Structure

Configure class-wise fee heads, installment plans, and academic costs with a clear overview of the fee architecture.

### ■ Total Outstanding

Instantly lists all pending dues across the school — categorized by class, student, or route — for efficient recovery.

### ■ Receipts Management

Auto-generates professional digital and printable fee receipts for every transaction with full audit history.

### ■ Comprehensive Ledger

Complete transaction history for every student and bank account with real-time credits, debits, and balances.

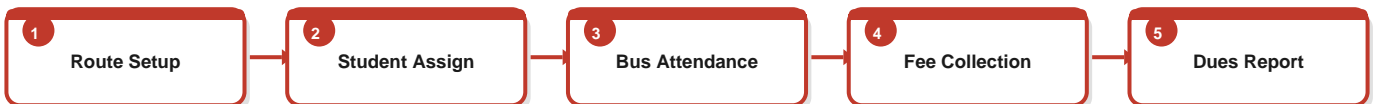

### Automated Fee Reminders via Telegram & Email

Parents receive automatic reminders for upcoming and overdue fees through Telegram and Email. Reduces manual follow-up, improves collection rates, and maintains professional parent communication.

## 6 Transport Module

End-to-end school transport management — route planning, bus attendance, and fee tracking integrated into the main ERP.

### ■ Bus Route List

Define and manage travel routes with designated stops and assigned vehicles for organized student logistics.

### ■ Bus Attendance System

Real-time tracking of student presence on school vehicles — enhancing safety with precise travel logs.

### ■ Transport Fees Report

Detailed transport income summaries with collection trend analysis across all routes and zones.

### ■ Transport Dues Report

Automated identification of pending transport payments with a targeted defaulters list for recovery.

## 7 Reports & Analytics ● ● ● ●

Comprehensive auto-generated reports across every dimension of school operations — from student KYC to financial audits.

<b>■ Student Reports</b> <ul style="list-style-type: none"> <li>• Document Data (Aadhar, TC, KYC Status) • Attendance &amp; Bus Logs • Marksheet / Result Reports</li> </ul>	<b>■ Financial Reports</b> <ul style="list-style-type: none"> <li>• Accounts &amp; Bank Ledger Reports • Transport Fee Collection • Outstanding Dues Summary</li> </ul>
<b>■ Staff &amp; Admin Records</b> <ul style="list-style-type: none"> <li>• Teacher Class Assignment Reports • Staff Attendance &amp; Leave Records • Document Approval Reports</li> </ul>	<b>■ System &amp; Security</b> <ul style="list-style-type: none"> <li>• ERP Activity Logs • Login Attempt Reports • Mobile App Usage • Grievance Management</li> </ul>

## 8 Library Management System (LMS) ● ● ● ●

Fully integrated digital library — manage books, memberships, circulation, and fines all within JSI ERP. No separate software needed.

**■ Digital Book Cataloging**

Central database for all books, journals, and periodicals categorized by genre, author, and ISBN/Accession numbers.

**■ Issue & Return Tracking**

Automated circulation with precise timestamps for every book issue and return transaction.

**■ Student & Staff Membership**

Manage library memberships and personal borrowing history through each user's ERP profile.

**■ Fine & Overdue Management**

Automatically identifies overdue books and calculates late fees per institution-defined policy.

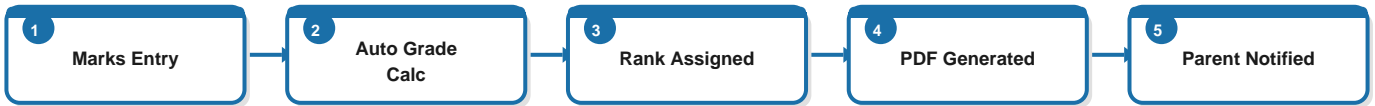

**■ Inventory Search & Availability**

Real-time availability search — students and staff check any title instantly from their devices.

# 9 Digital Results & Transfer Certificates

Automated academic result generation and official TC issuance — with built-in due clearance checks and permanent digital archiving.

## Digital Result & Marksheet Generation

### ■ Automated Academic Processing

Instantly calculates grades, percentages, and class ranks based on predefined criteria and internal assessment marks.

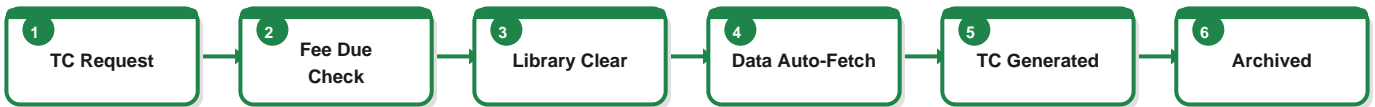

### ■ Professional PDF Report Cards

High-quality printable marksheets with student photos, school logo, and comprehensive performance analysis.

### ■ Result Analytics

Comparative student performance across terms — helping teachers and parents identify academic growth areas.

## Digital Transfer Certificate (TC) Module

### ■ One-Click TC Issuance

Auto-fetches Admission Date, DOB, and Leaving Date to generate an official Transfer Certificate instantly.

### ■ Due-Clearance Integration

Security check: TC can only be issued after all outstanding fees and library books are officially cleared in the system.

### ■ Digital Record Archiving

Issued TCs are automatically archived — permanent backup maintained without cluttering the active student list.

### TC Issued? Parent is Notified Instantly via Telegram & Email

As soon as a Transfer Certificate is generated, the parent receives an automatic notification with details via Telegram and Email. Full transparency, zero manual communication needed.
